CLE:-82 DIOCESAN CORRESPONDENCE.

Bishop Cleary's correspondence was filed and arranged in order by P.T.B. McKeefry. I have been unable to see so far what system of arrangement he was following. However, since he was working under the direction of Bishop Cleary I have left the correspondence in the order in which he placed it, pending further examination. This means that several different files contain, for example, letters to and from other N.Z. and overseas bishops, and the whole series be examined in order to see the complete correspondence in any category. E.R.S.

NOTE: Some work appears to have been done on this file [BCPB,1998]
e.g Cle 82 contains correspondence with Rome and the Delegation

 the rest are labelled "Cleary" correspondence.
Cle 86 to 98 inclusive are labelled "Cleary" correspondence.

indiscriminately.
